

How to Create an Account on Account Manager

Ticketmaster has rolled out a new sign-in experience for 2021 to enhance and protect your account information. The new single sign-in is designed to keep your information and credentials safer than ever before, including protections against unauthorized sign-ins, while making it even easier for you to sign-in with one email and password across all Ticketmaster accounts.

If you haven't already done so, the next time you sign-in to manage your account, may be asked to reset your password and verify your phone number and email address. This will help ensure that only you have access to your account.

Upon verification, you'll be able to use the same email and password combination whether you're logging in to your Season Ticket Holder Account or on Ticketmaster.com.

Step 1: Click the Sign-In button, on the top left of your screen.  The following prompt below will appear. Enter your email and password associated with your Ticketmaster.com account and sign in.
